

Land Camp

Example Day — Water

Into the Soil

intothesoil.com/education

Saturday 4 Water

8:00 am	GATHER	Share what you noticed.
8:15 am	LEARN	How does water actually move across land?
8:45 am	FIELD	Out on the land: test your eye against the tools.
10:15 am	LEARN	Ways to slow water down.
10:30 am	DISCUSS	Getting water where it's needed.
11:00 am	ACTIVITY	A real water problem, and your group's plan for it.
12:00 pm	LUNCH	<i>Lunch</i>
1:00 pm	ACTIVITY	Build a landscape with your hands. Then find out how well it works.
2:00 pm	DEMO	What does a storm do to different ground?
3:15 pm	ACTIVITY	A quick test of what holds your soil together.
3:45 pm	DISCUSS	What are you seeing differently now?
4:30 pm	PLAY	A game to sharpen your eyes.
5:00 pm	CLOSE	The question you're still holding.

Land Camp: Saturday Series · Spring 2027. Dates and tuition coming — join the early list at intothesoil.com/education

Schedule is illustrative and will adapt to the facilitator, the group, the land, and the week.
